

STOPS ODOURS!

MANUGEST[®]

**ACTIVATOR AND
DIGESTER FOR**

BACK YARD COMPOSTING

MANUGEST generates efficient and reliable waste digestion of compost for backyard composting systems.

HARMLESS TO HUMANS AND ANIMALS

Regular use of MANUGEST generates efficient and reliable waste digestion of compost for backyard composting systems. Eliminates odours and flies. Natural ingredients.
100% biodegradable!

DIRECTIONS

Ensure compost is damp before each application of MANUGEST. MANUGEST cannot work on dry compost.

To accelerate composting action and to prevent odours and flies, sprinkle MANUGEST over the surface once a week or before each new layer of compostable material. Use ¼ cup (30g) per square foot of surface area.

OTHER USES

MANUGEST is an effective treatment for dog runs and backyard dog waste composting digesters.
May be used as additive to kitty litter.
